CERTIFIED UR+ SOLUTION

Conveyor Plug-In for Simplified Automation with Universal Robots

- Easily integrate Dorner's 2200 Series Conveyors and Universal Robots with UR+ Solution plug-in

- Maximize automation and efficency

- Featuring the industry's fastest lead times, with a conveyor shipping in as little as 3 business days

- Using DTools (Dorner's online conveyor configurator), users can configure a conveyor in minutes, complete with CAD drawings

- Ideal for a wide variety of industries and applications including automation, material handling, integration, OEM applications, packaging, medical, and more

- Simple and efficient configuration, set-up and installation

UR+ Solutions Plug-In Information

- Dorner URCap Plug-In is compatible with Universal Robots CB series & e-series controllers

- Simply load the URCap onto a memory stick, connect to USB port on Universal Controller, and follow the easy installation process

- After installation, status of URCap will be displayed as:

  ✅ URCap ok: Installed & Running

  ⚠️ URCap fault: unable to start, Contact Dorner

 ↻ URCap restart needed: installed but restart

## 2200 Series Conveyors Features & Specifications

- Available with 2200 Series Belted and Modular Belt Conveyors

- V-Guiding provides positive belt tracking, even under demanding side load applications

- Precise rack and pinion belt tensioning allows for fast and simple tensioning

- Sealed for life bearings reduce maintenance

- Belt widths: 44 mm (1.75 in) to 610 mm (24 in)

- Conveyor lengths: 457 mm (18 in) to 5,486 mm (18 ft)

- Loads up to 36 kg (80 lbs)

- Belt speeds up to 122 m/min (400 ft/min)

- Variety of belting options available

- Wide selection of accessories and motors and control options
